INDORSEMENT IS EXCLUDED

Defense in McCray Trial Succeeds in
Keeping Out of Evidence Govern-
or's Signature on Checks

FACE OF CHECKS INCLUDED

Bank Official Identifies Checks Given
by Agriculture Board to McCray
For Kentland Bank

(By United Press)

Indianapolis, Ind., March 27—At-
torneys for Governor McCray fought
stubbornly today to prevent checks
by which \$155,000 of the board of
agriculture's funds passed through
the hands of the governor, from
being introduced as evidence in his
trial on larceny and embezzlement
charges.

They succeeded in preventing the
indorsement of Governor McCray
from going into the evidence, but the
face of the checks were included.

The entire morning was spent in
arguing over the checks and in their
identification. It is doubtful whether
I. Newt Brown, star witness for the
state, would be called today because
of the delay.

Ralph K. Smith of the Fletcher
American National bank, the first
witness of the day, identified the
checks.

Miss Minnie Fisher, book-keeper
of the board of agriculture, followed
Smith on the stand. She identified
records of the board, including the
Journal and Ledger in which entries
of checks issued by the board, were
kept.

She also identified checks given by
the board to Governor McCray, made
out to the Discount and Deposit bank
at Kentland.

Governor McCray inspected the
books carefully as Nichols examined
the witnesses.

Objections of McCray's attorneys
to admitting the checks as evidence
were successful. At noon the state
had been able to introduce only the
face of the checks. Nichols did not
succeed in getting the indorsement
of Governor McCray on the backs of
the checks introduced as evidence.

Nichols said he would renew his
efforts to have the indorsements in-
cluded in the records.

I. Newt Brown, former secretary-
treasurer of the state board of agri-
culture and star witness for the
state, may take the stand today, ac-
cording to Clarence W. Nichols, special
prosecutor.

Brown's testimony is expected to
be the most sensational of the entire
case. Brown, as treasurer of the
board, turned \$155,000 of the board
of agriculture funds over to the Gov-
ernor.

Under oath in a bankruptcy hear-
ing against the governor, Brown last
November declared the money was
intended for deposit in the Discount
and Deposit bank at Kentland. He
is expected to reveal additional details
of the transaction today.

McCray's attorneys will seek to
discredit the testimony of Brown and
prove the money was given to the
governor as a loan.

"POLLYANNA" MAY BE PRESENTED ELSEWHERE

Invitation to Produce Local Play at
Lebanon, it is Announced—Aid
Society to Clear \$300

WELL RECEIVED LAST NIGHT

The Ladies Aid Society of St.
Paul's Methodist Episcopal church,
under whose auspices "Pollyanna"
was given by a local cast Tuesday
and Wednesday nights at the Graham
Annex auditorium, will clear \$300
or more on the production, it was
estimated this afternoon.

The crowd at the second perform-
ance last night was equally as large
and as enthusiastic as that on the
first night.

Because of the unqualified success
of the show, it may be produced else-
where. An invitation to present the
play at Lebanon has been received, it
is said.

Denning Havens, who directed the
production, has been receiving warm
praise for the smoothness and pre-
cision with which both performances
went off and for the skillful staging
which was manifest throughout.

MILLER LAW BUILDING

Purchased By Otto N. Franzel of In-
dianapolis, Deed Shows

The Miller law building in East
Second street, between the Dr. Frank
H. Green hospital and the Elks club,
has been sold to Otto N. Franzel of
Indianapolis, according to a deed on
record in the recorder's office.

The price paid for the building, ac-
cording to the deed, was \$1.00 and
other considerations, but the revenue
stamps on the document indicated
that the sum involved was something
near \$10,000.

The real estate and improvements
were conveyed by B. F. Miller and his
wife, Joie D. Miller. The building is
33 feet wide and about 65 feet long.
The purchaser is the father-in-law of
Eugene C. Miller, of Indianapolis,
son of Mr. and Mrs. Miller.

TWO ARRESTED ON INDICTMENTS

Chester (Chuck) Taylor and Donald
Newman Charged With Conspir-
acy to Transport Liquor

TWO BILLS AGAINST TAYLOR

Also Accused of Unlawful Sale of
Liquor—Pleads Not Guilty and
Bond is Put at \$3,000

Two additional arrests on the re-
cent grand jury investigation have
been made, in which Chester (Chuck)
Taylor and Donald Newman are held
in jail, upon failure to provide bond
on the charge against them.

Taylor is held on two charges, one
being for unlawful sale of liquor with
bond at \$1,000. Newman and Taylor
and another party, who has not been
arrested, are held on a joint indict-
ment charging them with conspiracy
to transport liquor in an automobile,
and for the unlawful transportation of
liquor in a machine. Bond on this
charge is \$2,000.

The arrests were made late yes-
terday afternoon by Sheriff Hunt,
who went to 411 West First street,
where the Taylor family was moving
their household goods, and he told
the defendant to report to him as
soon as he had finished moving.

Later Newman was on the outside
of the jail talking through the bars
to Taylor, when Sheriff Hunt served
the papers on him, and he was then
taken inside.

Taylor has pleaded not guilty to
each charge. An effort was being
made today to secure his release
from jail on the \$3,000 bond.

THE RACE IS NOT ALWAYS TO THE SWIFT

SAYS HAMON PUT UP \$1,000,000

Al Jennings, Ex-Bandit and Politician,
Charges Oil Magnate Gave
Million to Elect Harding

BOIES PENROSE GOT PART

Jennings Says Hamon Told Him Be-
fore Convention That Harding
Would be Nominated

Washington, March 27—Al Jen-
nings, ex-bandit and politician, charged
before the senate oil committee
today that the late Jake Hamon
put up \$1,000,000 to elect President
Harding in exchange for the secre-
taryship of the interior.

Jennings also charged that \$250,-
000 was paid to the late Boies Pen-
rose, Republican senator from Penn-
sylvania, in the "deals".

Involved with Hamon, Jennings
said he believed, were certain big
oil men from Oklahoma, including
Harry F. Sinclair.

Jennings said he got his informa-
tion from Hamon himself. He and
Hamon were intimate friends.

Hamon told him long before the
convention that Harding was to be
nominated and that he (Hamon)
"would be the biggest man in the
United States."

The deal was finally concluded in
a hotel room in Chicago the night
before Harding was nominated. Jen-
nings said. He mentioned the name
of Attorney General Daugherty as
one of those present. Daugherty
was pre-convention campaign man-
ager for Harding.

Telling of events just prior to the
Harding nomination, Jennings said:

"In Hamon's room at the hotel, I
lodged with him and we talked all
night. He said he wanted me to come
back and run for governor. He said
he would get behind me and I would
be elected. We took a few drinks
of Four Roses. I asked him what
was behind his mind. He said 'I'm
going to be the biggest man in the
United States. He said something
about \$1,000,000 for a campaign for
me. He mentioned Harry Sinclair
and some other oil men.'"

"What else did he say?"
"He said Harding would be the
and talked with Boies Penrose and
that he could name the next presi-
dent of the United States."

"He said Hamon would be the
nominee of the convention. 'Money
talks and I'm going to put up the
money,' he said."

Jennings charged that Will Hays
and Attorney General Daugherty
each got \$25,000 in the "deal".

WOULD IMPEACH MAL DAUGHERTY

Chief Prosecutor of Senate Commit-
tee Introduces Motion to Start
Proceedings

REFUSED TO GIVE RECORDS

Committee Refuses to Permit Roxie
Stinson to Name 5 Men She Said
Made \$33,000,000 in Oil

(By United Press)

Washington, March 27—Indict-
ment of Mal Daugherty, brother of
the attorney general, for contempt
because of failure to produce records
before the Daugherty investigating
committee, was sought in a motion
today by Senator Wheeler, chief
prosecutor.

The Daugherty committee today
refused to let Roxie Stinson name the
five men she said yesterday made
\$33,000,000 in a Sinclair oil deal.

Daugherty's counsel intimated that
the name of a president of the United
States was among them and in a
hot clash with Senator Wheeler, de-
manded the right to go into the mat-
ter.

Wheeler was adamant, and al-
though at one stage it looked as
though he and former Senator Cham-
berlain might come to blows, Daugherty's
lawyers were not permitted to
open the question.

President Coolidge today was re-
quested formally to force Attorney
General Daugherty to turn over to
the senate committee the department
of justice files on Mexican gun run-
ning in 1921.

This action was unanimously voted
today in an executive session.

A flat refusal by Daugherty to
furnish the documents on the ground
that it was "inimical to the public in-
terest", caused the committee to "go
over his head" to the president.

RECEIVE LETTER FROM DEAD MAN

Oneal Brothers Get Note From Bruce
Graham in Which He Explained
Reason For Suicide

ARRIVED AFTER HIS DEATH

Farmer Brooded Over Financial
Trouble and Ill Health—Deed
Contemplated Long Time

Funeral services for Bruce Gra-
ham who committed suicide Wednes-
day afternoon by hanging himself
in the barn at his home at the north-
west edge of Rushville, will be held
Friday afternoon at 2:30 o'clock at
the late home, in charge of the Rev.
L. E. Brown, and burial will be made
in East Hill cemetery.

Although no motive could be as-
signed yesterday for the act, it has
developed later that Mr. Graham had
contemplated the thing for over a
year, brooding over financial trouble
and ill health.

Last night Oneal Brothers received
a letter through the mail, which was
postmarked at the local office at 2:30
yesterday afternoon, and the letter
was from Mr. Graham, conveying
the message that he grieved the
deed. The letter was written in
pencil and showed signs of having
been written for a long time. On
the reverse side, was an additional
message, in which he said that the
letter was written more than a year
ago. It said that he could not stand
it any longer, and said that he had
made up his mind to end it all, fol-
lowing an x-ray examination over a
year ago, in which physicians said
he had cancer of the stomach.

The letter carried with it the
thought that he believed that the
disease was about to kill him, and he
decided it was for the best to take
his own life.

Mr. Graham's body was found a-
bout one o'clock Wednesday after-
noon, one and a half hours before
the letter was postmarked. It was
explained that Mr. Graham had given
the letter to a boy to mail and that
it had been dropped in a letter box
and did not reach the postoffice un-
til 2:30.

cans File Declarations Since
County Has Been Apportioned

TWO CANDIDATES COME OUT

A. J. Carr of Carthage, Republican
for Surveyor and Gates Ketchum,
Democrat, For Prosecutor

The election commissioners for the
primary have been selected and have
apportioned the state convention de-
legates of the two major political
among the townships. The first de-
legates filed their declarations of
candidacy in the clerk's office today.

Two candidates for county offices
also made their appearance today—
A. J. Carr of Carthage for county
surveyor on the republican ticket
and Gates Ketchum of this city for
prosecutor on the democratic ticket.
Mr. Ketchum, who is the present
prosecutor, filed his declaration with
the secretary of state in Indianap-
olis, in accordance with the law.

The board of election commis-
sioners is composed of Loren Martin
county clerk, ex-officio member; Vern
W. Norris, republican member, and
Howard E. Barrett, democratic mem-
ber.

The board apportioned the state
convention delegates as follows:

Republican—Ripley 1, Posey 1,
Walker 1, Orange 1, Anderson 1,
Rushville 5, Jackson and Center 1
Washington and Union 1 and Noble
and Richland 1.

Democratic—Ripley 1, Posey 1,
Walker 1, Orange 1, Anderson 1,
Rushville 3, Jackson and Center 1
Washington and Union 1 and Noble
and Richland 1.

The three candidates for democrat
delegates from Rushville township
who filed their declaration of can-
didacy are Henry V. Logan Lawrence
L. Allen and S. L. Trabue.

The first delegates to announce
themselves have filed their intentions
with the county clerk, each seeking to
represent their respective townships
in the Republican state convention.

These two candidates are Morris
L. Henley of Carthage, representing
Ripley township, and Walter Norris,
representing Noble township.

The republicans of Rush county
are entitled to 13 delegates, and so
far the above mentioned are the only
ones of either political party to file.

of Longhurst and Carr, heating,
plumbing and contracting, of Car-
thage, has announced his candidacy

HAS NO POWER TO FIX PRICE

State Securities Commission Dealt Blow by Attorney General

(By United Press)

Indianapolis, Ind., March 27—The
state securities act designed for pro-
tection against "blue sky" stock
frauds, received a severe blow today
in an opinion by Attorney General
Lesh. Lesh, who is also chairman of
the commission, ruled it had no power
to fix the selling price of capital
stock.

Under the new ruling it would not
be possible for promoters to gain
control of a company by fixing the
price of common stock at a small
amount, although preferred stock-
holders would be required to pay for
their stock at par.

The ruling knocks out one of the
strongest features of the act, it was
pointed out.

GREAT MANY DO NOT GO TO JESUS

Instead They Only Join Church to be
Cleansed of Sins, The Rev. Gibson
Wilson Says

CHURCH IS NOT TO BLAME

First Presbyterian Pastor Shows
How Jesus is Transforming World
by Touching Lives

"The Touch that Transformed the
World" was the subject of the ser-
mon by the Rev. Gibson Wilson, pas-
tor of the First Presbyterian church,
at the pre-Easter services Wednes-
day evening, in which he said that
the simple act of joining church did
not cleanse people of their sins.

"The trouble with a great many
people," the pastor continued, "is
that they have not come to Jesus to
be cleansed," in commenting on the
text, Mt. 8:2-3, "Lord if thou wilt
thou canst make me clean. And he
stretched forth his hand and touched
him and said I will, be thou clean."

The man was sent to the health
officer, who confirmed the miracle and
he was restored to society. The Rev.
Mr. Wilson added, "Leprosy typifies
sin and he who can cleanse from one
can forgive the other."

The pastor's sermon theme tonight
will be "The Great Home Coming."
The Hustlers and Rustlers club meets
every afternoon at four o'clock and
the Win One Club every evening at
seven o'clock.

A great many people do not come
to Jesus to be cleansed of their sins,
but only join church, for which the
church is not too blame, the Rev. Mr.
Wilson brought out in his sermon last
night. He continued as follows:

"Luke tells of a woman who was
bowed with an infirmity for eighteen
years. Jesus saw her in the audience
and said to her 'Woman thou art
loosed of thine infirmity.'"

"Some are bound with the infirmity
of uncharitable words. Some are
bound with the infirmity of vile lan-
guage, or gossip or impurity. They
will not come to Jesus for fear he
takes away the joy of their cherished
sin."

"Through the touch of Jesus he
continues to transform the world.
The electrical engineer touches the
button and the whole city is lighted.
Jesus touches individual lives and
throughout the world there are mil-
lions who are seeking to walk in the
light and be a help to others."

"He touched the life of Jerry Mc-
Cauley and he was a light to the
Bowery of New York City."

"He touched the lips of Jenny Limn
and she was an angel of mercy to the
wounded soldier."

"Blind Fanny Crosby still contin-
ues to bring light and joy as we sing
her hymns, 'Saved by Grace', 'Rescue
The Perishing', 'Blessed Assurance'

"THE TOREADORS" TO BE GIVEN AT MANILLA

High School Will Present its Annual
Operetta Both Friday and Sat-
urday Evening

SCENES ARE LAID IN SPAIN

According to custom the Manilla
high school will present its annual
operetta, "The Toreadors", both Fri-
day and Saturday evening of this
week. The large stage in the high
school auditorium has long since
been changed into the courtyard of
a Spanish castle.

It is here that the many amusing
situations arise between a Spanish
father, who is determined to wed his
beautiful daughters to bull fighters,
and his charming daughters, who are
just as sure they are going to wed
a couple of local farmers that do
not believe in the National Pastime.

Just here a pair of hungry beg-
gers are found, who for a full meal
will impersonate real toreadors. A
combat is arranged. A real bull fight
is staged and the action is swift and
snappy. The music is typical of
youthful lovers, the costumes unique
and the entire stage a riot of color
and harmony.

The operetta is presented under the
direction of Miss Nellie Merrill, who
is supervisor of music and art in the
Manilla school.

GREAT MANY DO NOT GO TO JESUS

Continued from Page One
"Safe in The Arms of Jesus" and many others.

"He touched art and The Angelus calls us to worship. The Madonna and Child brings us reverently to the worship of Jesus.

"His touch is to go on transforming the world until the sword is put up in the scabbard, the gambling den closed because there are no more gamblers, and the wine room closed. "The trouble is, there is so much broken earthenware in the potter's house. The vessel has been marred in the making and when we will not let God make us his best, he has to continue making us over again into his second best.

"The devil will never oppose you until you begin to leave him, then he will try to keep you in his service. The devil can't go out and commit any crime, but he does persuade people to do it for him. He can't pull the trigger of a gun but he can persuade some one to do it for him. He can't talk evil but he can persuade others to do it for him.

"We can soon tell whom we serve. Jesus has overcome the devil and can overcome him in your life if you will let him. Whose servant will you be? Whose reward will you come into in the last day?"

LENTEN SERVICE

"The Master Workman at Work," will be the subject of Rev. H. W. Hargrett's sermon he will deliver at the Lenten Revival service at St. Paul's M. E. church tonight, to which the public is invited.

SAYS HAMON PUT UP \$1,000,000

Continued from Page One

Continuing his story, Jennings said:

"Hamon told me Harding would be nominated the next day and it would cost him a million dollars. He said Penrose was to get \$250,000.

"It had been agreed that day, Hamon told me, by Will Hays, Harry Daugherty and somebody else that Hamon was to be secretary of the interior."

"Has the information Hamon gave you come true?" Spencer asked.

"Pretty well."

"Did Hamon tell you what he was going to do as secretary?" Dill asked.

"Yes, he said he was going to get all the oil lands the Democrats had left."

"Who did Hamon give money to in connection with the convention?"

"He said he gave \$25,000 to Daugherty, \$25,000 to Will Hays, \$25,000 to Penrose and \$25,000 to a man named Manning—or something

like that—from Ohio.

"Hamon believed that money would buy everything. It seems to have been pretty well founded in some instances.

"I like Jake Hamon in spite of his lack of ideals. He was the only lawyer in Lawton, Okla., who extended a helping hand to me when I came out of prison.

"Jake expected to be president of the United States some day."

"On what ticket did you plan to run for governor?" Senator Bursam, New Mexico asked.

"Democratic."

"Why did Hamon want you to run on the Democratic ticket?"

"That didn't make much difference in Oklahoma."

"What did Hamon want you to run for governor for?" Bursam asked.

"He wanted me to disrupt the Democratic party so he could carry the state for Harding. Well, I didn't go into the deal. Harding did carry the state. Hamon said that cost him half a million dollars."

RECEIVE THEIR RED HATS

Two Americans Become Princes of The Catholic Church

Rome, March 27—Amid all the gorgeous splendor of the pageantry of Roman Catholicism, Cardinals Hayes and Mundelein today received from Pope Pius XI the Red hats that signify their elevation to the rank of princes of the church.

St. Peter's where the ceremony was performed, was jammed with a tremendous throng, including hundreds of Americans privileged to watch their countrymen who started together as poor boys on the lower East Side of New York, receive the highest honors within the power of the pontiff to bestow.

Cardinal Mundelein received his red hat at 10:42 a. m., Cardinal Hayes his at 10:45.

THURSDAY, MARCH 27, 1924

I sought the Lord, and He heard me, and delivered me from all my fears. This poor man cried, and the Lord heard him, and saved him out of all his troubles.—Psalm 34: 4, 6.

A Political Radical

A radical in politics has been defined as one who prefers to have a big fight and lose everything, rather than to have peace and gain something.

It may be that we need the radical in politics, just as we need the radical in every phase of our activities, to keep the conservative from becoming too sure of his position, but his right to existence is doubtful.

Of course, if conservatism held supreme sway in political life, we would probably die of dry rot, which none of us want to do, but we can get along without some of the superlative degree radicals who keep government in a turmoil most of the time and make constructive progress almost impossible.

The great danger of radicalism is that it may bring about a political disorganization by fooling the people with the appeal to their prejudices and the non-thinking side of their brain.

The radical will accomplish little in politics if people will take time enough to think and analyze his position.

He depends upon a beating of tom-toms and a tumult and shouting in order to gain his ends and turns conditions upside down by electing new and untired men and placing in effect new and untried policies.

The political radical is very much like any other kind of radical. He

Out of the Depths

The Daugherty investigating committee is getting ahead. Mr. Vandervlip has associated himself with it as special detective for the unearthing of some more damaging "hearsay". It will be remembered that he is the individual who intimated that President Harding accepted a big bribe through the sale of the Marion Star, then admitted that he had no ground for his statement, and was promptly sued by the owners of the Star for \$600,000 libel.

Tex Rickard, he of prize fight notoriety, told what he knows of the integrity of Mr. Daugherty and his fitness for the post of attorney general. It is understood that the opinions of Jack Dempsey and his manager, Jack Kearns, on that subject will also be sought by the committee.

A Real Navy Man

Judge Wilbur, selected by President Coolidge as the successor of former Secretary of the Navy Denby, has made his mark in the Navy before. He is a graduate of the Naval Academy, and while a student at Annapolis, made athletic records that have stood unequalled since that day.

There is a brass tablet in the Academy gymnasium which records the fact that in 1888 Midshipman Wilbur accomplished a hitch-kick to the height of nine feet and one inch, a mark that has never been surpassed since.

Record hitch-kicks do not necessarily make an efficient naval secretary. Judge Wilbur's biography gives sufficient proof of his ability to perform the duties of the office. But his years at the Naval Academy assure the country that his heart will be in his work, and that the department will have a real navy man as its chief.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON—On the wall of Senator Samuel Moffett Ralston's office, hung where he faces it as he sits at his big mahogany desk, is a freak picture.

It shows a great hairy mastodon, of prehistoric times, being beset by a host of unclad aborigines, armed with spears. It is a battle of many against might, with casualties on both sides, for although the beast is frenzied from the spear thrust through his hide, he has whirled one of the natives aloft in his trunk and is about to dash him to the ground.

The picture stirs Ralston's imagination. In his meditative moments he sees in it a great political allegory.

"It represents to me," he tells his friends, "the eternal conflict between Democrats and Republicans."

In Ralston's interpretation, the great beast is the Republican party. Its human antagonists are the Democrats.

And just as surely as the aborigines brought about the final extinction of the mastodon, Ralston believes, Democrats will work the ultimate overthrow of the G. O. P.

Anyway, it is on this picture that Ralston gazes as he meditates whether to enter the contest for the Democratic presidential nomination this year. He already has substantial backing. His might be the spear that would vanquish the beast.

But again—arresting thought—the might be the aborigine hurled aloft and dashed to jelly under trampling feet!

THE sweeping defeat of Oscar Underwood by William Gibbs McAdoo in the Georgia Democratic presidential primaries has not

dampened the Alabama senator's determination to make the bitterest possible fight for the nomination. Georgia, Underwood backers explain, is inclined to claim McAdoo as a favorite son, since he was born near Marietta, that state. Therefore, the popular vote which enabled him to carry 117 counties to Underwood's 32.

To prevent the duplication of the Georgia results in other states, if possible, Underwood's candidacy has been placed in the hands of an active manager. C. C. Carlin, "Canny Charlie," former congressman from Alexandria, Va., who managed A. Mitchell Palmer's 1920 campaign, is now directing the Underwood fight.

Oliver P. Newman, former newspaperman and commissioner of the District of Columbia under President Wilson, has assumed command of Underwood's publicity guns. As "Ollie" was not only a crackjack reporter in his day but also a major of artillery in the late war, some hot shots from his batteries may be expected.

DESPITE the fact that William Jennings Bryan announced in Omaha that he might consent to run again for the presidency, if drafted, he has little chance for the nomination.

There might be an investigation and scandal if he did run.

For—s-s-s—speak it in whispers, William Jennings Bryan has a financial interest in the Democratic result.

Three checks from the Bryan family, one from Bill himself, one from his wife and one from his daughter were recently received at Democratic headquarters. Doubtless they could be produced under subpoena from an investigating committee. The checks were—yes, sir, for exactly \$5 each!

COMPENSATION LAW INVALID

Anderson Judge Rules That State
Law is Unconstitutional

Anderson, Ind., March 27—The Indiana workmen's compensation law is unconstitutional, according to a ruling by Judge Willis S. Ellis, of the Madison county Superior court.

In making the ruling, Judge Ellis said the law was unconstitutional because it violated the rule of the constitution on the manner of making amendments.

Question of the validity of the law arose in the suit of Franklin Harneson against the Anderson Stove company, asking \$25,000 for the death of his son, Alonzo Harneson, a minor, fatally injured in the factory last July.

State University Ranked High in all Branches of Athletics Since Start in Fall

CLEVELAND MAKES GOOD

Director and His Assistants Put College Through With One Title And Two Second Places

Bloomington, Ind., March 27—An auspicious fall and winter sports season has marked the advent of the new Cleveland-gram-Mam athletic regime at Indiana university. The Hoosiers have to their credit since Zora Cleveland took the helm last fall as director of athletics, one western conference championship, two second places, and a dozen or more athletes of individual distinction.

Jack Reynolds placed his wrestlers in the 1000 percent column. Leslie Mann jammed his basketball quintet right up in second place, in spite of the loss of Nyikos, and with two one-point losses and the loss of only one game by as much as five points. Coach Merrian lost only one dual meet with his swimmers and tied with Wisconsin for second place in the dual competitions. Navy Bill Ingram landed a first division berth for his Crimson eleven, with a 500 percent standing and fifth place. Cross country was the only sport participated in by Indiana which fell below a first division rating.

Individual athletic honors came to Indiana men in nearly all sports. Wilson won the western light heavyweight wrestling crown. Reed, Munby, Swain and Peck took second and third places in western conference wrestling. Logan, Lorber and Sponsler rated near the top in basketball scoring and Nyikos was at the top when he withdrew from school. Captain Johnnie Moore took a second and third in the western conference swimming meet. Quarterback Wilkins scored the longest drop kick during the 1923 Big Ten season, 44; and halfback Marks had to his credit the longest successful run for the season, a distance of 104 yards. To top it off, Virgil Devault, Crimson boxer, smashed his way through two knockouts and a decision to a try for the American Olympic boxing team in the final try-outs to be held this spring.

POPULAR SPORT IS REVIVED

O. J. (Happy) Holliday, a professional trap shooter, of Indianapolis, will be in Rushville Saturday evening to assist in the organization of a Rush county gun club, it was announced today by backers of the movement.

The meeting of local trap shooters will be held in the court house at 7:30 o'clock and everyone who is interested in the sport is urged to be present and take part in the organization. Mr. Holliday will speak and will give the local amateurs the benefit of his experience in such matters.

Several shoots have been held here during the past few months, indicating that there is considerable interest in the revival of the sport. There was formerly a gun club here, which had shooting grounds northeast of Rushville, and shoots were held frequently.

Local sportsmen interested in trapshooting have been granted permission to use the old Rush county fair grounds for shoots and the last two held have taken place there. A new trap, which was purchased recently, has arrived and will be installed and ready for use by the time the next shoot is held.

Tilden Will Quit Tennis

HENRY L. FARRELL (United Press Sports Editor) New York, March 27—William T. Tilden, world's greatest tennis player, has made it clear that he will retire from the game next year, if he has to choose between laying and writing.

The United States Lawn Tennis Association, which approved of the new interpretation of the amateur rule that a player was not an amateur who derived substantial compensation from the writing of newspaper articles, has made it just as clear that Tilden will have to quit playing if he wants to write.

Tilden thought an exception might be made of his case. He maintained that he had been engaged in the newspaper business before he became a tennis champion, and that the newspaper profession was his accepted vocation. The executive committee of the association, however, thought differently, and told Tilden that he would get no place with an appeal against the rule.

It is obvious from the sincerity of his statements that Tilden means to quit tennis and continue his literary work. He claims that he would rather be a writer than a tennis player. It is quite apparent that he is not fishing for compliments from the public, or seeking sympathy, when he announces that he is going to retire.

The tennis association, having made the rule, must stick to it and, if it refuses to step back, Tilden will have to step out. It will be a tremendous loss not only to the United States, but to all tennis if Tilden

does have to quit and it will be a loss that is entirely unnecessary and inexcusable.

The little group of idealists and purists who are now running tennis in the United States took the most radical means of dealing with a problem that was the least dangerous to the game. The penalty in this case is no more in proportion to the offense than banishment or life imprisonment would be for a violation of the criminal code that attended spitting on the sidewalk. Just because he desired to make a living out of a profession for which he is adequately qualified, Tilden must give up a game that put the tennis association where it is.

The association at the present time is in a prosperous condition and it is flourishing. It has respect and prestige. When it rules, it means something. The association is in its present condition because the United States dominates the world of tennis. It has the world's greatest players in Tilden and Johnston and it holds the Davis cup.

The money received from the Davis Cup contests, made the association what it is, and Tilden had a major share in bringing the Davis Cup contests back to this country. Tilden owes nothing to tennis but what health he has gotten out of it, but American tennis owes everything to Tilden.

Tilden is anything but a sap. He is a very intelligent man, a good writer, a clever amateur dramatist, an actor of more than ordinary ability and an all-around scholar. It seems to be unfortunate, at least, that he must be penalized because he is a good tennis player.

TRAINING CAMP TABS

Grensboro, N. C.—Five homers and a flock of two baggers helped the Detroit Tigers hog the main part of a slug fest and beat the Toronto Leafs 18 to 2. Eight Tiger runs came in the eighth inning.

Jacksonville, Fla.—When Duncan and Roush got to hitting yesterday, the vets trimmed the colts in a game at Palm Beach 6 to 5. The vets will play Columbus here today. The entire Red squad will re-assemble Friday at Orlando.

FARMERS' TEAMS TO CLASH ON THE COURT

Washington and Union Township Fives to Fight it Out at Raleigh —Game at New Salem

MERCHANTS AND FARMERS

Two basketball games hold the attention of residents of northern and southern Rush county tonight, in which farmers will show their hand in the game and attempt to back the high school teams off the map. Up at Raleigh, the Union township Farm Bureau Members have challenged the Washington township members, and this big game will take place tonight, which also is the time for the regular meeting of the Washington township bureau.

Some of the players probably never saw a game, but this won't make any difference. The teams are out to see which one can make the most points, and from all indications the entire population of these two townships will be on hand.

Then down at New Salem tonight the Noble township farmers have taken up a challenge flung at them by the merchants of New Salem, and the butchers, store keepers and other business men will try their luck against the farmers.

In either case the game will be everything else but a serious encounter, and no casualties are expected to result.

There will be a chicken supper at the Wesley M. E. church hall, 623 East Eighth street Friday evening, beginning at 5 o'clock. The supper is under the direction of the W. F. M. S., of which Mrs. Rebecca Leonard is president. Mrs. Pinkie Bundrant has charge of the entertainment. The public is invited.

Peru—High school girls here have decided to do away with expensive commencement frocks and this year will dress uniformly in grey caps and gowns.

Grensboro—"I would rather get the man that sold you the stuff than fine you," Mayor Jenkins told Raymond Engle, 19, as he fined him \$13 on a charge of public intoxication.

During the afternoon a business session was held and officers were elected for the following year. Miss Sada Scholl was elected president; Mrs. W. S. Saxon, vice-president; Mrs. A. J. Britt, secretary, and Mrs. J. E. Walther, treasurer. The program rendered at this meeting consisted of papers on "Conservation of Natural Resources," Mrs. T. E. Murphy; "Home Decorations," Miss Sara Scholl; "The Story of Oil," by Mrs. Fred Martin. Several musical selections were also given. Mrs. Nellie Murphy will entertain the club at its regular meeting, April 8, at her home west of Glenwood.

At the meeting of Miss Donnan's Class in Literature on Saturday afternoon, Miss Donnan spoke of the recent vote held by the Literary Digest International Book Review to determine what its readers considered the ten best books published since 1900, there being a varied difference between the people's choice and those chosen on the list of critics. The ten books receiving the highest vote were "The Outline of History," by H. G. Wells; "Four Horsemen of the Apocalypse," by Ibañez; "If Winter Comes," Hutchinson; "Americanization of Edward Bok," by Bok; "The Life of Christ," by Papini; "The Crisis," by Churchill; "Short Stories," by O. Henry; "The Virginian," by Wister; "Life and Letters of Walter H. Page," by Hendrick; "The Mind in the Making" by Robinson.

The coming of Eleandora Duse, the greatest tragedienne of the age to the Murat March 29th, in "The Closed Door," was briefly given. The story of "The Closed Door," being a mother's deep love for her boy, who believed the door of life closed to him, because he is closed up at home and not given the freedom of adventure. Many wonderful moments in the play where merely emotions of Duse in her love and suffering for her son, are the greatest. Her personality obliterated all one's thought of physical beauty, the audience understands what she is feeling.

"So Big," by Edna Ferber, was reviewed and Selma, the out-standing character of the story, filled one with determination to succeed and achieve. "From Immigrant to Inventor" by Michael Pupen was splendidly given, it being placed alongside the recent autobiographies of "The Americanization of Edward Bok" and "Upstream" by Ludwig Lewisohn. The last period was devoted to Emerson and his essays. Emerson the aider and friend of those who like to live in spirit. The result of reading Emerson is the great stimulus to the will He loved the independence of thought, believing all immutation is suicide.

Miss Donnan will have only two more meetings with her class here, the closing number falling on April 19.

The Happy Home Steam Washing Machine

12 to 17 Sheets Washed at One Time

No Labor, No Rubbing, No Washboard, No Wash Boiler, No Chemical used when washing with the Happy Home Steam Washer. The steam and soap do the work. After taking the agency for the Happy Home Washer, their claims were so strong that they seemed impossible, so I wrote to a few of the dealers who had been handling them for some time and I will publish two of the letters as they were written to me:

Sycamore, Ohio, Jan. 1, 1924.

John B. Morris, Rushville, Ind.
Dear Sir:—In reply to your letter of Jan. 16, will say we are pleased to say we have never had in our 12 years of hardware business any article that has sold as well as the Happy Home Washer. We were a little slow at the start because they claimed things that seemed impossible. After we got out 15 or 20 machines we had easy sailing. Since that time we have sold several hundred of these washers, something we never thought possible. But you will find 60 per cent of the homes in the market for this washer because it is the only one that ever appealed to them. It does everything they claim for it and certainly is a wonder.

We put them out on trial; have the lady use them three times; 85 per cent of them stay. We have never canvassed much, but believe it would pay to send out a man and not value but sell these washers and make big money. Trusting we have given you the information desired, I am yours very truly,

B. S. ULRICH, Hardware.

Delaware, Ohio, January 18, 1924.

Mr. John B. Morris, Rushville, Indiana.

Dear Sir:—In reply to your letter of January 16, regarding "Happy Home Washer" we can truthfully say that this washer is the best selling article we have ever had in our store. Out of approximately 85 machines we have sold since we got the agency last March, we have had only 6 or 7 machines returned, the rest have all been satisfied customers. This washer will do all they claim for it and more.

Yours very truly,

O. K. HARDWARE STORE, F. R. Conklin, Prop.

A TRIAL IN YOUR OWN HOME WILL CONVINCING YOU THAT THEY WILL DO EVERYTHING THAT IS CLAIMED FOR THEM.

College Alumni Organized in Indiana To Assist in Raising Portion of Its Quota

NATION-WIDE CAMPAIGN

Million Dollar Endowment Fund is Goal, as Announced by Edgar H. Evans, Chairman

Indianapolis, Ind., March 27—Division and county organization of the State of Indiana for the \$1,000,000 endowment fund campaign of Wabash college, opening April 4, was announced today by Edgar H. Evans, national chairman of the campaign.

Nine divisions have been set up throughout the state, with a Wabash alumnus as chairman of each. County chairmen have been appointed in every county of the division. Local organizations are being established in every city and town in which five or more Wabash alumni reside.

Marion county has been organized as the first division of the state, with W. J. Greenwood, a graduate of the college in 1887, as county chairman. He is completing the organization of the campaign in Indianapolis with 35 teams of 10 men each.

Montgomery county and Crawfordville, home of the college, comprise the second division. G. Bruce Luckett has been appointed chairman. He is being assisted by Professor George V. Kendall, dean of the college, in charge of the campaign among the students.

Beavers of Decatur is chairman of the second. The counties of the division are Allen, Adams, DeKalb, Elkhart, Huntington, Kosciusko, LaGrange, Miami, Noble, Steuben, Wabash, Whitley and Wells.

B. C. Gavit of Hammond is chairman of the seventh division which includes Benton, Cass, Fulton, Jasper, LaPorte, Lake, Marshall, Newton, Porter, Pulaski, Starke, St. Joseph and White counties.

Twenty-three counties are included in the eighth division, of which Victor F. Miller of Terre Haute is chairman. The counties are Clay, Crawford, Greene, Knox, Monroe, Owen, Posey, Sullivan, Davies, Gibson, Lawrence, Morgan, Perry, Putnam, Vanderburg, Warrick, DuBois, Hendricks, Martin, Orange, Pike, Spencer and Vigo.

"Price Class" the mysterious stranger in the motor industry

Does a difference in price indicate a difference in quality? Why is one car priced 25% to 50% higher than another of the same quality? The 4 questions that a buyer should ask when considering any car.

HERE are facts based on world's engineering authority. If you have any intention of buying an automobile, you are urged to read them.

No "Price Class"

There are only two kinds of automobiles today. Economically produced cars which give you more for your money. And cars which are not, and give you less.

Price does not indicate intrinsic worth. But an individual maker's cost of production.

Hence two cars may show a price difference of \$400 to \$1,200 and more. And be of the same quality.

The difference in price simply shows that it cost one maker more to make this car than the other. Judging value on price, this is folly. Price class is a myth.

Where the Difference Comes in

Studebaker, producing 150,000 cars yearly, has reduced engineering cost to \$3.33 per car.

This is based on a total engineering cost of \$500,000 a year, which is the least on which any manufacturer can maintain an efficient engineering department.

Thus a manufacturer producing but 20,000 cars a year must add \$25 per car for engineering, or eight times as much as Studebaker.

Other fixed overheads have been reduced proportionately. And these influence Studebaker prices.

A set of body dies costs \$100,000. It will produce many thousand sets of body stampings, each one as perfect as though there were only a dozen made.

By building 50,000 bodies from a single set of dies, Studebaker reduces the die cost per body to only \$2.00.

LIGHT - SIX	
5-Passenger 112-in. W. B. 40 H. P.	
Touring	\$1045
Roadster (5-Pass.)	1025
Coupe-Roadster (2-Pass.)	1195
Coupe (5-Pass.)	1395
Sedan	1485

The average small manufacturer whose volume will enable him to build only 5,000 bodies from a set of dies in the same time in which Studebaker builds 50,000 has to charge each body \$20 for die cost. The difference of \$18 is in the price but not in the body. The customer pays it but he gets nothing tangible for it. It is one of the penalties of uneconomical manufacture.

Thus a car priced at \$1,200 to \$1,400 can be sold as low as \$1045 when produced economically in quantity.

Why Studebaker excels the world in body building

For 72 years Studebaker has been a builder of quality vehicles.

This historical tradition has been inbred in generation after generation of coach-makers. And the Indiana city of South Bend is known as a world-Mecca of artisans of this craft.

In the modern \$10,000,000 Studebaker body plants, there are sons and fathers and grandfathers working side by side. Their religion is fine coach building. And this is reflected in their work.

As fine body builders, Studebaker stands supreme. No other maker has the experience of Studebaker. No other the Studebaker traditions to inspire him.

Such a car is the Studebaker Light-Six Touring Car, at \$1045. A clear difference of between \$155 to \$355.

The uneconomical manufacturer is not profiteering. He is unfortunately situated, that is all.

Equalled Only by Costliest Foreign and American Makes

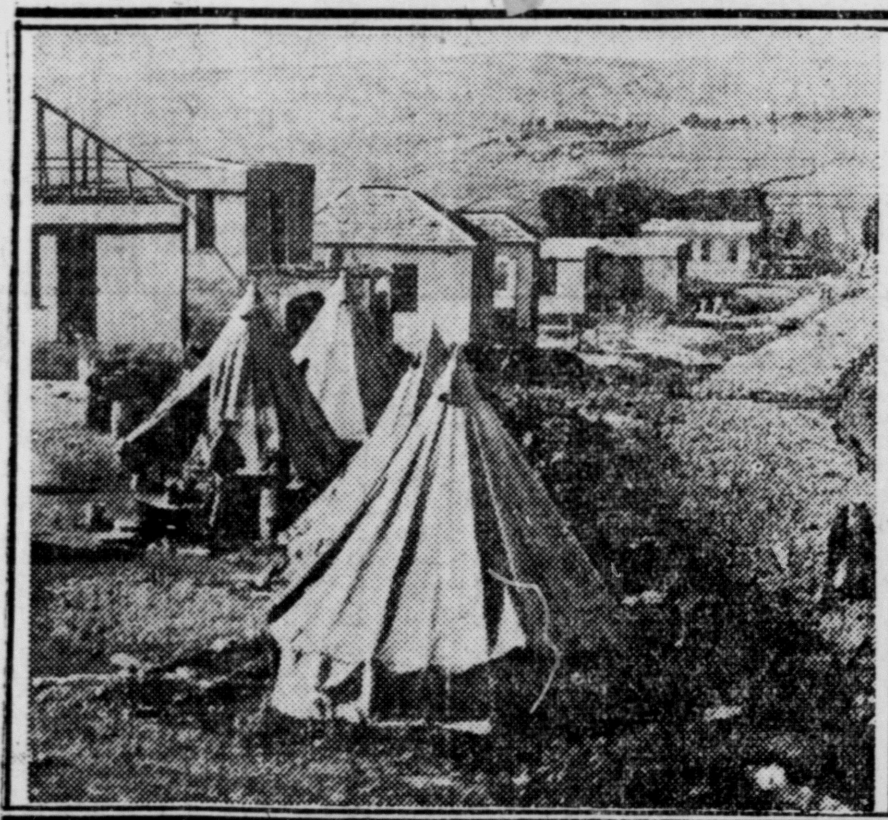

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

Palestine Arising!

All over the Holyland, garden cities are springing up. The photo above shows a Jewish settlement being completed. Until houses are finished, pioneers sleep in tents. Many parts of Palestine take on the appearance of a military camp, due to the number of these temporary tent-settlements.

TO DEALERS DISADVANTAGE

Indianapolis, Ind., March 26—Ten percent of counter sales examined in five southern Indiana cities recently by Richard White, assistant State inspector of weights and measures, were condemned, White said today. "Defective scales were to the dealers disadvantage in the majority of cases," White said.

Your Stomach and You

Chiropractic Health Talk No. 58
By H. V. McCully, D. C., Ph. C.

If you are a sufferer of Stomach Disorder, you are the one that should be interested in finding something to correct your condition.

The body would soon starve if no food were taken into the system. If the stomach does not digest food so that it may be used to build new cells, then the body will slowly starve, although food is plentiful.

If I were to ask you what would happen if the spinal cord were severed in the region of the neck, you would answer, "Death." Then the Life Force in the body must reside in the brain; and, through the spinal cord and nervous system direct the action of every organ in the body.

If the nerves which lead from the spinal cord to the stomach, which nerves direct the stomach's action, are pinched by a misplaced segment or bone of the spine, the full amount of life force cannot reach the stomach over the swollen and inflamed nerve and the action of the stomach is cut down in exact ratio. A drug taken at this time can be compared to applying a whip to a half-starved horse.

Where there is lack of this intelligent force to the stomach, neither a vacation, exercise, or a diet of babyfood is of any benefit.

The only correction in a case of this kind is a spinal correction, such as is obtainable by those who make use of my Chiropractic Health Method.

Trouble Persisted For Years

"My stomach was in very bad condition. I could eat no kind of food without distressing after effects. My strength steadily declined. I could not walk more than a few yards without being ready to drop from exhaustion. Then after years of this, I was advised to try Chiropractic. Today I enjoy my food as any normal man should, and I have no fear of the future, and I can walk all day without fatigue. I am quite cured of my ailment."

Mechanical Construction

THE CHRYSLER motor is perfectly balanced to eliminate vibration. The crankshaft is completely machined and supported by seven large bronze back bearings. Oil under pressure is carried through drilled leads to every wearing surface.

An air cleaner which operates on the carburetor is an important factor in smooth operation, power development and long life.

The oil passing through a filter, which cools and purifies it, further reduces friction.

Chrysler Lockheed Hydraulic Four-Wheel Brakes are supplied on all models.

The springs are of chrome vanadium steel and are equipped with snubbers all around. The position of springs involves a new principle of suspension that completely eliminates side-sway.

AMUSEMENTS

"The Common Law"

Commencing today and continuing for three days the Castle theatre will offer a picturization of R. W. Chamber's widely read novel, "The Common Law." This is a story of an artist's model and life in general in the art studios of modern times and it vividly portrays many of the humiliating indignities to which the models are compelled to

submit. There is probably no star in all the realm of the cinema who is better equipped and more suited to the leading role than is lovely Corinne Griffith who portrays the difficult part of feeling, delicacy and finesse. As Valerie West, the cultured daughter of refined parents, but who has now been thrown upon the world to earn her own living, after many attempts to secure employment she is at last in desperation driven to the studio of a painter to endeavor to secure work as a model.

Conway Tearle, ably enacts the part of the artist, and the highly dramatic role of Querida is entrusted to Elliott Dexter.

"White Tiger," at Princess

"White Tiger" is the fancy-captivating title of photoplay which will

be seen at the Princess theatre again today, in which Priscilla Dean is said to excel her personal triumph in a similar under-world story of two or three years ago, "Outside the Law," and Tod Browning his handiwork as an author and director.

The former Browning-Dean success, "Outside the Law," was laid in San Francisco's colorful Chinatown. The new underworld picture from these two artists is laid in the amazing atmosphere of international crookdom.

The heroine Miss Dean impersonates, is a girl raised without knowledge of the difference between right and wrong, believing that slick work in slipping a string of pearls off some society lady's neck or the stickpin out of some man's tie is her rightful contribution to society's progress as a useful and active citizen.

THIS WOMAN RELIEVED FROM SUFFERING

By Lydia E. Pinkham's Vegetable Compound. A Remarkable Story

Dover, Del.—"I wish every woman would take your wonderful medicine as it has done much good to me. I had cramps and faint spells and very bad pains. One day I was over to my neighbor's house and she told me I ought to take Lydia E. Pinkham's Vegetable Compound. So I went to the store on my way home and got a bottle, and took the first dose before supper. I have been taking it ever since, and you can hardly believe how different I feel. I had just wanted to lie in bed all the time, and when I started to brush up I would give out in about ten minutes. So you know how badly I felt. I used to go to bed at eight and get up at seven, still tired. Now I can work all day and stay up until eleven, and feel all right all the time. My housework is all I do in summer, but in winter I work in a factory. I have told a good many of my friends, and I have had three come to me and tell me they wouldn't do without the Vegetable Compound."

INDORSEMENT IS EXCLUDED

Defense in McCray Trial Succeeds in
Keeping Out of Evidence Govern-
or's Signature on Checks

FACE OF CHECKS INCLUDED

Bank Official Identifies Checks Given
by Agriculture Board to McCray
For Kentland Bank

(By United Press)

Indianapolis, Ind., March 27—Attorneys for Governor McCray fought stubbornly today to prevent checks by which \$155,000 of the board of agriculture's funds passed through the hands of the governor, from being introduced as evidence in his trial on larceny and embezzlement charges.

They succeeded in preventing the indorsement of Governor McCray from going into the evidence, but the face of the checks were included.

The entire morning was spent in arguing over the checks and in their identification. It is doubtful whether I. Newt Brown, star witness for the state, would be called today because of the delay.

Ralph K. Smith of the Fletcher American National bank, the first witness of the day, identified the checks.

Miss Minnie Fisher, book-keeper of the board of agriculture, followed Smith on the stand. She identified records of the board, including the Journal and Ledger in which entries of checks issued by the board, were kept.

She also identified checks given by the board to Governor McCray, made out to the Discount and Deposit bank at Kentland.

Governor McCray inspected the books carefully as Nichols examined the witnesses.

Objections of McCray's attorneys to admitting the checks as evidence were successful. At noon the state had been able to introduce only the face of the checks. Nichols did not succeed in getting the endorsement of Governor McCray on the backs of the checks introduced as evidence.

Nichols said he would renew his efforts to have the endorsements included in the records.

I. Newt Brown, former secretary-treasurer of the state board of agriculture and star witness for the state, may take the stand today, according to Clarence W. Nichols, special prosecutor.

Brown's testimony is expected to be the most sensational of the entire case. Brown, as treasurer of the board, turned \$155,000 of the board of agriculture funds over to the Governor.

Under oath in a bankruptcy hearing against the governor, Brown last November declared the money was intended for deposit in the Discount and Deposit bank at Kentland. He is expected to reveal additional details of the transaction today.

McCray's attorneys will seek to discredit the testimony of Brown and prove the money was given to the governor as a loan.

"POLLYANNA" MAY BE PRESENTED ELSEWHERE

Invitation to Produce Local Play at
Lebanon, it is Announced—Aid
Society to Clear \$300

WELL RECEIVED LAST NIGHT

The Ladies Aid Society of St. Paul's Methodist Episcopal church, under whose auspices "Pollyanna" was given by a local cast Tuesday and Wednesday nights at the Graham Annex auditorium, will clear \$300 or more on the production, it was estimated this afternoon.

The crowd at the second performance last night was equally as large and as enthusiastic as that on the first night.

Because of the unqualified success of the show, it may be produced elsewhere. An invitation to present the play at Lebanon has been received, it is said.

Denning Havens, who directed the production, has been receiving warm praise for the smoothness and precision with which both performances went off and for the skillful staging which was manifest throughout.

MILLER LAW BUILDING

Purchased By Otto N. Franzel of Indianapolis, Deed Shows

The Miller law building in East Second street, between the Dr. Frank H. Green hospital and the Elks club, has been sold to Otto N. Franzel of Indianapolis, according to a deed on record in the recorder's office.

The price paid for the building, according to the deed, was \$1.00 and other considerations, but the revenue stamps on the document indicated that the sum involved was something near \$10,000.

The real estate and improvements were conveyed by B. F. Miller and his wife, Joie D. Miller. The building is 33 feet wide and about 65 feet long. The purchaser is the father-in-law of Eugene C. Miller, of Indianapolis, son of Mr. and Mrs. Miller.

TWO ARRESTED ON INDICTMENTS

Chester (Chuck) Taylor and Donald Newman Charged With Conspiracy to Transport Liquor

TWO BILLS AGAINST TAYLOR

Also Accused of Unlawful Sale of Liquor—Pleads Not Guilty and Bond is Put at \$3,000

Two additional arrests on the recent grand jury investigation have been made, in which Chester (Chuck) Taylor and Donald Newman are held in jail, upon failure to provide bond on the charge against them.

Taylor is held on two charges, one being for unlawful sale of liquor with bond at \$1,000. Newman and Taylor and another party, who has not been arrested, are held on a joint indictment charging them with conspiracy to transport liquor in an automobile, and for the unlawful transportation of liquor in a machine. Bond on this charge is \$2,000.

The arrests were made late yesterday afternoon by Sheriff Hunt, who went to 411 West First street, where the Taylor family was moving their household goods, and he told the defendant to report to him as soon as he had finished moving.

Later Newman was on the outside of the jail talking through the bars to Taylor, when Sheriff Hunt served the papers on him, and he was then taken inside.

Taylor has pleaded not guilty to each charge. An effort was being made today to secure his release from jail on the \$3,000 bond.

THE RACE IS NOT ALWAYS TO THE SWIFT

SAYS HAMON PUT UP \$1,000,000

Al Jennings, Ex-Bandit and Politician, Charges Oil Magnate Gave Million to Elect Harding

BOIES PENROSE GOT PART

Jennings Says Hamon Told Him Before Convention That Harding Would be Nominated

Washington, March 27—Al Jennings, ex-bandit and politician, charged before the senate oil committee today that the late Jake Hamon put up \$1,000,000 to elect President Harding in exchange for the secretaryship of the interior.

Jennings also charged that \$250,000 was paid to the late Boies Penrose, Republican senator from Pennsylvania, in the "deal".

Involved with Hamon, Jennings said he believed, were certain big oil men from Oklahoma, including Harry F. Sinclair.

Jennings said he got his information from Hamon himself. He and Hamon were intimate friends.

Hamon told him long before the convention that Harding was to be nominated and that he (Hamon) "would be the biggest man in the United States."

The deal was finally concluded in a hotel room in Chicago the night before Harding was nominated Jennings said. He mentioned the name of Attorney General Daugherty as one of those present. Daugherty was pre-convention campaign manager for Harding.

Telling of events just prior to the Harding nomination, Jennings said: "In Hamon's room at the hotel, I lodged with him and we talked all night. He said he wanted me to come back and run for governor. He said he would get behind me and I would be elected. We took a few drinks of Four Roses. I asked him what was behind his mind. He said 'I'm going to be the biggest man in the United States. He said something about \$100,000 for a campaign for me. He mentioned Harry Sinclair and some other oil men.'"

"What else did he say?" "He said Harding would be the one and talked with Boies Penrose and that he could name the next president of the United States."

"He said Hamon would be the nominee of the convention. 'Money talks and I'm going to put up the money,' he said."

Jennings charged that Will Hays and Attorney General Daugherty each got \$25,000 in the "deal".

Chief Prosecutor of Senate Committee Introduces Motion to Start Proceedings

REFUSED TO GIVE RECORDS

Committee Refuses to Permit Roxie Stinson to Name 5 Men She Said Made \$33,000,000 in Oil

(By United Press)

Washington, March 27—Indictment of Mal Daugherty, brother of the attorney general, for contempt because of failure to produce records before the Daugherty investigating committee, was sought in a motion today by Senator Wheeler, chief prosecutor.

The Daugherty committee today refused to let Roxie Stinson name the five men she said yesterday made \$33,000,000 in a Sinclair oil deal.

Daugherty's counsel intimated that the name of a president of the United States was among them and in a hot clash with Senator Wheeler, demanded the right to go into the matter.

Wheeler was adamant, and although at one stage it looked as though he and former Senator Chamberlain might come to blows, Daugherty's lawyers were not permitted to open the question.

President Coolidge today was requested formally to force Attorney General Daugherty to turn over to the senate committee the department of justice files on Mexican gun running in 1921.

This action was unanimously voted today in an executive session.

A flat refusal by Daugherty to furnish the documents on the ground that it was "inimical to the public interest", caused the committee to "go over his head" to the president.

RECEIVE LETTER FROM DEAD MAN

Oneal Brothers Get Note From Bruce Graham in Which He Explained Reason For Suicide

ARRIVED AFTER HIS DEATH

Farmer Brooded Over Financial Trouble and Ill Health—Deed Contemplated Long Time

Funeral services for Bruce Graham who committed suicide Wednesday afternoon by hanging himself in the barn at his home at the northwest edge of Rushville, will be held Friday afternoon at 2:30 o'clock at the late home, in charge of the Rev. L. E. Brown, and burial will be made in East Hill cemetery.

Although no motive could be assigned yesterday for the act, it has developed later that Mr. Graham had contemplated the thing for over a year, brooding over financial trouble and ill health.

Last night Oneal Brothers received a letter through the mail, which was postmarked at the local office at 2:30 yesterday afternoon, and the letter was from Mr. Graham, conveying the message that he greeted the deed. The letter was written in pencil and showed signs of having been written for a long time. On the reverse side, was an additional message, in which he said that the letter was written more than a year ago. It said that he could not stand it any longer, and said that he had made up his mind to end it all, following an x-ray examination over a year ago, in which physicians said he had cancer of the stomach.

The letter carried with it the thought that he believed that the disease was about to kill him, and he decided it was for the best to take his own life.

Mr. Graham's body was found about one o'clock Wednesday afternoon, one and a half hours before the letter was postmarked. It was explained that Mr. Graham had given the letter to a boy to mail and that it had been dropped in a letter box and did not reach the postoffice until 2:30.

HAS NO POWER TO FIX PRICE

State Securities Commission Dealt Blow by Attorney General

(By United Press)

Indianapolis, Ind., March 27—The state securities act designed for protection against "blue sky" stock frauds, received a severe blow today in an opinion by Attorney General Lesh. Lesh, who is also chairman of the commission, ruled it had no power to fix the selling price of capital stock.

Under the new ruling it would not be possible for promoters to gain control of a company by fixing the price of common stock at a small amount, although preferred stockholders would be required to pay for their stock at par.

The ruling knocks out one of the strongest features of the act, it was pointed out.

GREAT MANY DO NOT GO TO JESUS

Instead They Only Join Church to be
Cleansed of Sins, The Rev. Gibson
Wilson Says

CHURCH IS NOT TO BLAME

First Presbyterian Pastor Shows
How Jesus is Transforming World
by Touching Lives

"The Touch that Transformed the World" was the subject of the sermon by the Rev. Gibson Wilson, pastor of the First Presbyterian church, at the pre-Easter services Wednesday evening, in which he said that the simple act of joining church did not cleanse people of their sins.

"The trouble with a great many people," the pastor continued, "is that they have not come to Jesus to be cleansed," in commenting on the text, Mt. 8:2-3, "Lord if thou wilt thou canst make me clean. And he stretched forth his hand and touched him and said, I will, be thou clean."

The man was sent to the health officer, who confirmed the miracle and he was restored to society. The Rev. Mr. Wilson added, "Leprosy typifies sin and he who can cleanse from one can forgive the other."

The pastor's sermon theme tonight will be "The Great Home Coming." The Hustlers and Rustlers club meets every afternoon at four o'clock and the Win One Club every evening at seven o'clock.

A great many people do not come to Jesus to be cleansed of their sins, but only join church, for which the church is not to blame, the Rev. Mr. Wilson brought out in his sermon last night. He continued as follows:

"Luke tells of a woman who was bowed with an infirmity for eighteen years. Jesus saw her in the audience and said to her 'Woman thou art loosed of thine infirmity.'"

"Some are bound with the infirmity of uncharitable words. Some are bound with the infirmity of vile language, or gossip or impurity. They will not come to Jesus for fear he takes away the joy of their cherished sin."

"Through the touch of Jesus' he continues to transform the world. The electrical engineer touches the button and the whole city is lighted. Jesus touches individual lives and throughout the world there are millions who are seeking to walk in the light and be a help to others."

"He touched the life of Jerry McCauley and he was a light to the Bowery of New York City."

"He touched the lips of Jenny Lind and she was an angel of mercy to the wounded soldier."

"Blind Fanny Crosby still continues to bring light and joy as we sing her hymns, 'Saved by Grace', 'Rescue The Perishing', 'Blessed Assurance' Continued on Page Two

"THE TOREADORS" TO BE GIVEN AT MANILLA

High School Will Present its Annual
Operetta Both Friday and Sat-
urday Evening

SCENES ARE LAID IN SPAIN

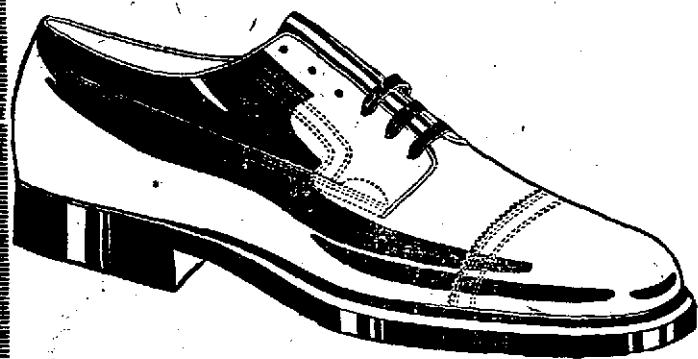

According to custom the Manila high school will present its annual operetta, "The Toreadors", both Friday and Saturday evening of this week. The large stage in the high school auditorium has long since been changed into the courtyard of a Spanish castle.

It is here that the many amusing situations arise between a Spanish father, who is determined to wed his beautiful daughters to bull fighters, and his charming daughters, who are just as sure they are going to wed a couple of local farmers that do not believe in the National Pastime.

Just here a pair of hungry beggars are found, who for a full meal will impersonate real toreadors. A combat is arranged. A real bull fight is staged and the action is swift and snappy. The music is typical of youthful lovers, the costumes unique and the entire stage a riot of color and harmony.

The operetta is presented under the direction of Miss Nellie Merrill, who is supervisor of music and art in the Manila school.

“Said in The Arms of Jesus” and many others.

“He touched art and The Angelus calls us to worship. The Madonna and Child brings us reverently to the worship of Jesus.”

“His touch is to go on transforming the world until the sword is put up in the scabbard, the gambling den closed because there are no more gamblers, and the wine room closed.”

“The trouble is, there is so much broken earthenware in the potter’s house. The vessel has been marred in the making and when we will not let God make us his best, he has to continue making us over again into His second best.”

“The devil will never oppose you until you begin to leave him, then he will try to keep you in his service. The devil can’t go out, and commit any crime, but he does persuade people to do it for him. He can’t pull the trigger of a gun but he can persuade some one to do it for him. He can’t talk evil but he can persuade others to do it for him.”

“We can soon tell whom we serve. Jesus has overcome the devil and can overcome him in your life if you will let him. Whose servant will you be? Whose reward will you come into in the last day?”

“The Master Workman at Work,” will be the subject of Rev. H. W. Hargett’s sermon he will deliver at the Lenten Revival service at St. Paul’s M. E. church tonight, to which the public is invited.

SAYS HAMON PUT

UP \$1,000,000

Continued from Page One
Continuing his story, Jennings said:

"Hamon told me Harding would be nominated the next day and it would cost him a million dollars. He said Penrose was to get \$250,000.

"It had been agreed that day, Hamon told me, by Will Hays, Harry Daugherty and somebody else that Hamon was to be secretary of the interior."

"Has the information Hamon gave you come true?" Spencer asked.

"Pretty well."

"Did Hamon tell you what he was going to do as secretary?" Dill asked.

"Yes, he said he was going to get all the oil lands the Democrats had left."

"Who did Hamon give money to in connection with the convention?"

"He said he gave \$25,000 to Daugherty, \$25,000 to Will Hays, \$25,000 to Penrose and \$25,000 to a man named Manning—or something

like that—from Ohio.

"Hamon believed that money would buy everything. It seems to have been pretty well founded in some instances."

"I like Jake Hamon in spite of his lack of ideals. He was the only lawyer in Lawton, Okla., who extended a helping hand to me when I came out of prison."

"Jake expected to be president of the United States some day."

"On what ticket did you plan to run for governor?" Senator Bursam, New Mexico asked.

"Democratic."

"Why did Hamon want you to run on the Democratic ticket?"

"That didn't make much difference in Oklahoma."

"What did Hamon want you to run for governor for?" Bursam asked.

"He wanted me to disrupt the Democratic party so he could carry the state for Harding. Well, I didn't go into the deal. Harding did carry the state. Hamon said that cost him half a million dollars."

RECEIVE THEIR RED HATS

Two Americans Become Princes of The Catholic Church

Rome, March 27—Amid all the gorgeous splendor of the pageantry of Roman Catholicism, Cardinals Hayes and Mundelein today received from Pope Pius XI the Red hats that signify their elevation to the rank of princes of the church.

St. Peter's where the ceremony was performed, was jammed with a tremendous throng, including hundreds of Americans privileged to watch their countrymen who started together as poor boys on the lower East Side of New York, receive the highest honors within the power of the pontiff to bestow.

Cardinal Mundelein received his red hat at 10:42 a. m., Cardinal Hayes his at 10:45.

A Political Radical

A radical in politics has been defined as one who prefers to have a big fight and lose everything, rather than to have peace and gain something.

It may be that we need the radical in politics, just as we need the radical in every phase of our activities, to keep the conservative from becoming too sure of his position, but his right to existence is doubtful.

Of course, if conservatism held supreme sway in political life, we would probably die of dry rot, which none of us want to do, but we can get along without some of the superlative degree radicals who keep government in a turmoil most of the time and make constructive progress almost impossible.

The great danger of radicalism is that it may bring about a political disorganization by fooling the people with the appeal to their prejudices and the non-thinking side of their brain.

The radical will accomplish little in politics if people will take time enough to think and analyze his position.

He depends upon a beating of tom-toms and a tumult and shouting in order to gain his ends and turns conditions upside down by elevating new and untired men and placing in effect new and untired policies.

The political radical is very much like any other kind of radical. He

The Daugherty investigating committee is getting ahead. Mr. Vandervlip has associated himself with it as special detective for the unearthing of some more damaging "hearsay". It will be remembered that he is the individual who intimated that President Harding accepted a big bribe through the sale of the Motion Star, then admitted that he had no ground for his statement, and was promptly sued by the owners of the Star for \$500,000 libel.

Tex Rickard, he of prize fight notoriety, told what he knows of the integrity of Mr. Daugherty and his fitness for the post of attorney general. It is understood that the opinions of Jack Dempsey and his manager, Jack Kearns, on that subject will also be sought by the committee.

A Real Navy Man

Judge Wilbur, selected by President Coolidge as the successor of former Secretary of the Navy Denby, has made his mark in the Navy before. He is a graduate of the Naval Academy, and while a student at Annapolis, made athletic records that have stood unequalled since that day.

There is a brass tablet in the Academy gymnasium which records the fact that in 1888 Midshipman Wilbur accomplished a hitch-kick to the height of nine feet and one inch, a mark that has never been surpassed since.

Record hitch-kicks do not necessarily make an efficient naval secretary. Judge Wilbur's biography gives sufficient proof of his ability to perform the duties of the office. But his years at the Naval Academy assure the country that his heart will be in his work, and that the department will have a real navy man as its chief.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON—On the wall of Senator Samuel M. McKelton's office, hung where he faces it as he sits at his big mahogany desk, is a freak picture.

It shows a great hairy mastodon, of prehistoric times, being beset by a host of unclad aborigines, armed with spears. It is a battle of many against might, with casualties on both sides, for although the beast is frenzied from the spears thrust through his hide, he has whirled one of the natives aloft in his trunk and is about to dash him to the ground.

The picture strikes Ralston's imagination. In his meditative moments he sees in it a great political allegory.

"It represents to me," he tells his friends, "the eternal conflict between Democrats and Republicans."

In Ralston's interpretation, the great beast is the Republican party. Its human antagonists are the Democrats.

And just as surely as the aborigines brought about the final extinction of the mastodon, Ralston believes, Democrats will work the ultimate overthrow of the G. O. P. Anyway, it is on this picture that Ralston gazes as he meditates whether to enter the contest for the Democratic presidential nomination this year. He already has substantial backing. His might be the spear that would vanquish the beast.

But again—arresting thought—he might be the aborigine hurled aloft and dashed to jelly under trampling feet!

THE sweeping defeat of Oscar Underwood by William Gibbs McAdoo in the Georgia Democratic presidential primaries has not

dampened the Alabama senator's determination to make the bitterest possible fight for the nomination. Georgia, Underwood backers explain, is inclined to claim McAdoo as a favorite son, since he was born near Marietta, that state. Therefore, the popular vote which enabled him to carry 117 counties to Underwood's 22.

To prevent the duplication of the Georgia results in other states, if possible, Underwood's candidacy has been placed in the hands of an active manager, C. C. Carlin, "Canny Charlie," former congressman from Alexandria, Va., who managed A. Mitchell Palmer's 1920 campaign, is now directing the Underwood fight.

Oliver P. Newman, former newspaperman and commissioner of the District of Columbia under President Wilson, has assumed command of Underwood's publicity guns. As "Ollie" was not only a crackjack reporter in his day but also a major of artillery in the late war, some hot shots from his batteries may be expected.

DESPITE the fact that William Jennings Bryan announced in Omaha that he might consent to run again for the presidency, if drafted, he has little chance for the nomination.

There might be an investigation and scandal if he did run. For—s-s-s—speak it in whispers, William Jennings Bryan has a financial interest in the Democratic result.

Three checks from the Bryan family, one from Bill himself, one from his wife and one from his daughter were recently received at Democratic headquarters. Doubtless they could be produced under subpoena from an investigating committee. The checks were—yes, sir, for exactly \$5 each!

COMPENSATION LAW INVALID

Anderson Judge Rules That State Law Is Unconstitutional

Anderson, Ind., March 27—The Indiana workmen's compensation law is unconstitutional, according to a ruling by Judge Willis S. Ellis, of the Madison county Superior court.

In making the ruling, Judge Ellis said the law was unconstitutional because it violated the rule of the constitution on the manner of making amendments.

Question of the validity of the law arose in the suit of Franklin Harmon against the Anderson Stove company, asking \$25,000 for the death of his son, Alonzo Harmon, a minor, fatally injured in the factory last July.

INDIANA SCORES IN PAST SEASON

State University Ranked High in all Branches of Athletics Since Start in Fall

CLEVELANDER MAKES GOOD

Director and His Assistants Put College Through With One Title And Two Second Places

Bloomington, Ind., March 27—An auspicious fall and winter sports season has marked the advent of the new Cleveland-Ingman-Mann athletic regime at Indiana university. The Hoosiers have to their credit since Zora Cleveland took the helm last fall as director of athletics, one western conference championship, two second places, and a dozen or more athletics of individual distinction.

Jack Reynolds placed his wrestlers in the 1000 percent column. Leslie Mann jammed his basketball quintet right up in second place, in spite of the loss of Nyikos, and with two one-point losses and the loss of only one game by as much as five points. Coach Merriam lost only one dual meet with his swimmers and tied with Wisconsin for second place in the dual competitions. Navy Bill Ingram landed a first division berth for his Crimson eleven, with a 500 percent standing and fifth place. Cross country was the only sport participated in by Indiana which fell below a first division rating.

Individual athletic honors came to Indiana men in nearly all sports. Wilson won the western light heavy-weight wrestling crown. Reed, Mumbly, Swain and Peck took second and third places in western conference wrestling. Logan, Lorber and Sponsler rated near the top in basketball scoring and Nyikos was at the top when he withdrew from school. Captain Johnnie Moore took a second and third in the western conference swimming meet. Quarterback Wilkins scored the longest drop kick during the 1923 Big Ten season, 44; and halfback Marks had to his credit the longest successful run for the season, a distance of 104 yards. To top it off, Virgil Devault, Crimson boxer, smashed his way through two knock-outs and a decision to a try for the American Olympic boxing team in the final try-outs to be held this spring.

GUN CLUB WILL BE ORGANIZED SATURDAY

O. J. (Happy) Holliday, Professional To Assist in Organization of Local Sportsmen

POPULAR SPORT IS REVIVED

O. J. (Happy) Holliday, a professional trap shooter, of Indianapolis, will be in Rushville Saturday evening to assist in the organization of a Rush county gun club, it was announced today by backers of the movement.

The meeting of local trap shooters will be held in the court house at 7:30 o'clock and everyone who is interested in the sport is urged to be present and take part in the organization. Mr. Holliday will speak and will give the local amateurs the benefit of his experience in such matters.

Several shoots have been held here during the past few months, indicating that there is considerable interest in the revival of the sport. There was formerly a gun club here, which had shooting grounds northeast of Rushville, and shoots were held frequently.

Local sportsmen interested in trapshooting have been granted permission to use the old Rush county fair grounds for shoots and the last two held have taken place there. A new trap, which was purchased recently, has arrived and will be installed and ready for use by the time the next shoot is held.

Tilden Will Quit Tennis

HENRY L. FARRELL
(United Press Sports Editor)

New York, March 27—William T. Tilden, world's greatest tennis player, has made it clear that he will retire from the game next year, if he has to choose between laying and writing.

The United States Lawn Tennis Association, which approved of the new interpretation of the amateur rule that a player was not an amateur who derived substantial compensation from the writing of newspaper articles, has made it just as clear that Tilden will have to quit playing if he wants to write.

Tilden thought an exception might be made of his case. He maintained that he had been engaged in the newspaper business before he became a tennis champion, and that the newspaper profession was his accepted vocation. The executive committee of the association, however, thought differently, and told Tilden that he would get no place with an appeal against the rule.

It is obvious from the sincerity of his statements that Tilden means to quit tennis and continue his literary work. He claims that he would rather be a writer than a tennis player. It is quite apparent that he is not fishing for compliments from the public, or seeking sympathy, when he announces that he is going to retire.

The tennis association, having made the rule, must stick to it and, if it refuses to step back, Tilden will have to step out. It will be a tremendous loss not only to the United States, but to all tennis if Tilden

does have to quit and it will be a loss that is entirely unnecessary and inexcusable.

The little group of idealists and purists who are now running tennis in the United States took the most radical means of dealing with a problem that was the least dangerous to the game. The penalty in this case is no more in proportion to the offense than banishment or life imprisonment would be for a violation of the criminal code that attended spitting on the sidewalk. Just because he desired to make a living out of a profession for which he is adequately qualified, Tilden must give up a game that put the tennis association where it is.

The association at the present time is in a prosperous condition and it is flourishing. It has respect and prestige. When it rules, it means something. The association is in its present condition because the United States dominates the world of tennis. It has the world's greatest players in Tilden and Johnston and it holds the Davis cup.

The money received from the Davis Cup contests, made the association what it is, and Tilden had a major share in bringing the Davis Cup contests back to this country. Tilden owes nothing to tennis but what health he has gotten out of it, but American tennis owes everything to Tilden.

Tilden is anything but a sap. He is a very intelligent man, a good writer, a clever amateur dramatist, an actor of more than ordinary ability and an all-around scholar. It seems to be unfortunate, at least, that he must be penalized because he is a good tennis player.

Sarasota, Fla.—With a record of only three victories in eight games on their tour, the New York Giants were back at their camp here today. Manager McGraw did not try to disguise his dissatisfaction with the team and said he was going to start with the stick.

Clearwater, Fla.—No trade between the Brooklyn Robins and the St. Louis Cardinals has been arranged. The conference yesterday between Manager Riekey and President Elshets had no definite results. The Robins went to Lakeland today to play the Cleveland Indians.

Bradentown, Fla.—The Cardinals play the Senators here today. The Riekeyman walloped the Brooklyn team for the second time in a game yesterday at Clearwater, 10 to 7, although Brooklyn got 14 hits to the Cards' 12.

Mobile, Ala.—The Browns showed improvement in beating the Mobile Bears yesterday 8 to 4. Sister connected squarely in four out of five times at bat, but not one went for a hit. Kenny Williams got a homer.

Lakeland, Fla.—Rocketing out 17 hits, the Cleveland Indians trimmed the Indianapolis Indians 10 to 0. Edwards and Morton, each stingily allowed only one hit. Hill and G. Smith hurled for Indianapolis.

Grensbore, N. C.—Five homers and a flock of two baggers helped the Detroit Tigers hog the main part of a slug fest and beat the Toronto Leafs 18 to 2. Eight Tiger runs came in the eighth inning.

Jacksonville, Fla.—When Dugan and Roush got to hitting yesterday the vets trimmed the colts in a game at Palm Beach 6 to 5. The vets will play Columbus here today. The entire Red squad will re-assemble Friday at Orlando.

FARMERS' TEAMS TO CLASH ON THE COURT

Washington and Union Township Fives to Fight it Out at Raleigh —Game at New Salem

MERCHANTS AND FARMERS

Two basketball games hold the attention of residents of northern and southern Rush county tonight, in which farmers will show their hand in the game and attempt to back the high school teams off the map. Up at Raleigh, the Union township Farm Bureau Members have challenged the Washington township members, and this big game will take place tonight, which also is the time for the regular meeting of the Washington township bureau.

Some of the players probably never saw a game, but this won't make any difference. The teams are out to see which one can make the most points, and from all indications the entire population of these two townships will be on hand.

Then down at New Salem tonight the Noble township farmers have taken up a challenge flung at them by the merchants of New Salem, and the butchers, store keepers and other business men will try their luck against the farmers.

In either case the game will be everything else but a serious encounter, and no casualties are expected to result.

There will be a chicken supper at the Wesley M. E. church here, 623 East Eighth street Friday evening, beginning at 5 o'clock. The supper is under the direction of the W. F. M. S., of which Mrs. Rebecca Leonard is president. Mrs. Pinkie Bundrant has charge of the entertainment. The public is invited.

Peru—High school girls here have decided to do away with expensive commencement frocks and this year will dress uniformly in grey caps and gowns.

Greensburg—"I would rather get the man that sold you the stuff than fine you," Mayor Jenkins told Raymond Engle, 19, as he fined him \$13 on a charge of public intoxication.

Miss Leonora Norris, who is visiting with relatives in New York City, was the honored guest at the lunch given Sunday evening by her sister, Mrs. E. H. Sapient. Covers were laid for fourteen guests. Miss Norris expects to return to her home in this city next week from New York, where she has been spending the winter with her sister.

Representatives of Every county Federated club will meet with Mrs. Curt Hester at two o'clock Saturday, March 29, in the Library at the court house for the purpose of naming candidates for next year's county chairmanship. At three o'clock of the same day, Mrs. Hester will meet with the town committee at the above stated place.

Mrs. Russell Vogle was hostess Wednesday afternoon to the N. B.

B. club at her home in West Third street. A short business session was held at the beginning of the meeting and the remainder of the afternoon was enjoyed socially. One guest, Miss Marie Sterritt, was present for the meeting. As the concluding feature the hostess served delicious refreshments.

Mrs. Laura Jones was a most gracious hostess Wednesday afternoon to the members of the American Literary Club, at her home in West Seventh street. Thirteen members were present to enjoy the splendid program. The members responded to the roll call with quotations from Paul Lawrence Dunbar. Mrs. Laura Billings gave an interesting paper on "Civil War Literature," followed by a paper on "Southern Statesmen and Writers," by Mrs. Olive Miller. During the social hour the hostess served dainty refreshments.

"Dollar Day" was observed by the Ladies Aid Society of the First United Presbyterian church Wednesday afternoon, when the society was entertained at the home of Mrs. L. H. Elliott in West Seventh street. Each lady contributed a dollar to the society and told how they earned the money, which furnished much amusement for those present.

During the business session the following officers were elected: Mrs. Chase Floyd, president; Mrs. A. C. Jeffrey, vice-president; Mrs. Maggie Little, second vice-president; and Miss Florence Elliott, secretary.

treasurer. During the social hour following the election the hostess served refreshments of tea and wafers.

The Glenwood Sorosis Club enjoyed a cafeteria dinner Tuesday at the home of Mrs. J. E. Walther in Glenwood. Sixteen members of the club were seated at the table, which was appropriately decorated with symbols of the Easter season.

During the afternoon a business session was held and officers were elected for the following year. Miss Sada Scholl was elected president; Mrs. W. S. Saxon, vice-president; Mrs. A. J. Britt, secretary, and Mrs. J. E. Walther, treasurer. The program rendered at this meeting consisted of papers on "Conservation of Natural Resources," Mrs. T. E. Murphy; "Home Decorations," Miss Sara Scholl; "The Story of Oil," by Mrs. Fred Martin. Several musical selections were also given. Mrs. Nellie Murphy will entertain the club at its regular meeting, April 8, at her home west of Glenwood.

At the meeting of Miss Donnan's Class in Literature on Saturday afternoon, Miss Donnan spoke of the recent vote held by the Literary Digest International Book Review to determine what its readers considered the ten best books published since 1900, there being a varied difference between the people's choice and those chosen on the list of critics. The ten books receiving the highest vote were "The Outline of History," by H. G. Wells; "Four Horsemen of the Apocalypse," by R. B. Knox; "If Winter Comes," Hutchinson; "Americanization of Edward Bok," by Bok; "The Life of Christ," by Papini; "The Crisis," by Churchill; "Short Stories," by O. Henry; "The Virginian," by Wister; "Life and Letters of Walter H. Page," by Hendrick; "The Mind in the Making" by Robinson.

The coming of Eleonora Duse, the greatest tragedienne of the age to the Murat March 29th, in "The Closed Door," was briefly given. The story of "The Closed Door," being a mother's deep love for her boy, who believed the door of life closed to him, because he is closed up at home and not given the freedom of adventure. Many wonderful moments in the play were merely emotions of Duse in her love and suffering for her son, the greatest. Her personality obliterated all one's thought of physical beauty, the audience understands what she is feeling.

"So Big," by Edna Ferber, was reviewed and Selma, the out-standing character of the story, filled one with determination to succeed and achieve. "From Immigrant to Inventor" by Michael Pupert was splendidly given, it being placed alongside the recent autobiographies of "The Americanization of Edward Bok" and "Upstream" by Ludwig Lewisohn. The last period was devoted to Emerson and his essays. Emerson the aider and friend of those who like to live in spirit. The result of reading Emerson is the great stimulus to the will He loved the independence of thought, believing all imitation is suicide.

Miss Dehnan will have only two more meetings with her class here, the closing number falling on April 19.

The Happy Home Steam Washing Machine

12 to 17 Sheets Washed at One Time

No Labor, No Rubbing, No Washboard, No Wash Boiler, No Chemical, used when washing with the Happy Home Steam Washer. The steam and soap do the work.

After taking the agency for the Happy Home Washer, their claims were so strong that they seemed impossible, so I wrote to a few of the dealers who had been handling them for some time and I will publish two of the letters as they were written to me:

Sycamore, Ohio, Jan. 1, 1924.

John E. Morris, Rushville, Ind.
Dear Sir:—In reply to your letter of Jan. 16, will say we are pleased to say we have never had in our 12 years of hardware business any article that has sold as well as the Happy Home Washer. We were a little slow at the start because they claimed things that seemed impossible. After we got out 15 or 20 machines we had easy sailing. Since that time we have sold several hundred of these washers, something we never thought possible. But you will find 50 per cent of the homes in the market for this washer because it is the only one that ever appealed to them. It does everything they claim for it and certainly is a wonder.

We put them out on trial; have the lady use them three times; 85 per cent of them stay. We have never canvassed much, but believe it would pay to send out a man and do nothing but sell these washers and make big money. Trusting we have given you the information desired, I am yours very truly,

B. S. ULRICH, Hardware.

Delaware, Ohio, January 18, 1924.

Mr. John B. Morris, Rushville, Indiana.
Dear Sir:—In reply to your letter of January 16, regarding "Happy Home Washer" we can truthfully say that this washer is the best selling article we have ever had in our store. Out of approximately 85 machines we have sold since we got the agency last March, we have had only 6 or 7 machines returned, the rest have all been satisfied customers. This washer will do all they claim for it and more.

Yours very truly,
O. K. HARDWARE STORE, F. R. Conklin, Prop.

Your Stomach and You

Chiropractic Health Talk No. 58
By H. V. McCully, D. C., Ph. C.

If you are a sufferer of Stomach Disorder, you are the one that should be interested in finding something to correct your condition.

The body would soon starve if no food were taken into the system. If the stomach does not digest food so that it may be used to build new cells, then the body will slowly starve, although food is plentiful.

If I were to ask you what would happen if the spinal cord were severed in the region of the neck, you would answer, "Death." Then the Life Force in the body must reside in the brain; and, through the spinal cord and nervous system direct the action of every organ in the body.

If the nerves which lead from the spinal cord to the stomach, which nerves direct the stomach's action, are pinched by a misplaced segment or bone of the spine, the full amount of life force cannot reach the stomach over the swollen and inflamed nerve and the action of the stomach is cut down in exact ratio. A drug taken at this time can be compared to applying a whip to a half-starved horse.

Where there is lack of this intelligent force to the stomach, neither a vacation, exercise, or a diet of babyfood is of any benefit.

The only correction in a case of this kind is a spinal correction, such as is obtainable by those who make use of my Chiropractic Health Method.

Trouble Persisted For Years

"My stomach was in very bad condition. I could eat no kind of food without distressing after effects. My strength steadily declined. I could not walk more than a few yards without being ready to drop from exhaustion. Then after years of this, I was advised to try Chiropractic. Today I enjoy my food as any normal man should, and I have no fear of the future, and I can walk all day without fatigue. I am quite cured of my ailment."

College Alumni Organized in Indiana

NATION-WIDE CAMPAIGN

Million Dollar Endowment Fund is
Goal, as Announced by Edgar H.
Evans, Chairman

Indianapolis, Ind., March 27—Division and county organization of the State of Indiana for the \$1,000,000 endowment fund campaign of Wabash college, opening April 1, was announced today by Edgar H. Evans, national chairman of the campaign.

Nine divisions have been set up throughout the state, with Wabash alumnus as chairman of each. County chairmen have been appointed in every county of the division. Local organizations are being established in every city and town in which five or more Wabash alumni reside.

Marion county has been organized as the first division of the state, with W. J. Greenwood, a graduate of the college in 1887, as county chairman. He is completing the organization of the campaign in Indianapolis with 35 teams of 10 men each. Montgomery county and Crawfordville, home of the college, comprise the second division. G. Bruce Luckett has been appointed chairman. He is being assisted by Professor George V. Keidall, dean of the college, in charge of the campaign among the students.

Fountain, Parke, Tippecanoe, Vermillion and Warren counties make up the third district, with Robert H. McKinney of Covington as chairman.

L. R. Mohlig of Kokomo is chairman of the fourth division, which is composed of Boone, Carroll, Clinton, Hamilton, Howard and Tipton counties.

Eight counties in eastern Indiana have been grouped together in the fifth division under the chairmanship of Hugh M. Small of Marion. The counties are Blackford, Delaware, Grant, Henry, Jay, Madison, Randolph and Wayne.

The sixth division, composed of 13 counties in the northern part of the state, has been divided into two sections. Lester B. Harper of Fort Wayne is chairman of the first and Benjamin F. Beavers of Decatur is chairman of the second. The counties of the division are Allen, Adams, DeKalb, Elkhart, Huntington, Kosciusko, LaGrange, Miami, Noble, Steuben, Wabash, Whitley and Wells.

B. C. Gavit of Hammond is chairman of the seventh division which includes Benton, Cass, Fulton, Jasper, LaPorte, Lake, Marshall, Newton, Porter, Pulaski, Starke, St. Joseph and White counties.

Twenty-three counties are included in the eighth division, of which Victor F. Miller of Terre Haute is chairman. The counties are Clay, Crawford, Greene, Knox, Monroe, Owen, Posey, Sullivan, Davies, Gibson, Lawrence, Morgan, Perry, Putnam, Vanderburgh, Warrick, DuBois, Hendricks, Martin, Orange, Pike, Spencer and Vigo.

Emory F. Huston of Connersville is chairman of the ninth division, which is made up of 20 counties in southeastern Indiana. The counties are Brown, Bartholomew, Dearborn, Fayette, Clark, Decatur, Floyd, Franklin, Hancock, Jackson, Jefferson, Johnson, Ohio, Ripley, Rush, Scott, Shelby, Switzerland, Union and Washington.

"Price Class"
the mysterious stranger in the motor industry

Does a difference in price indicate a difference in quality? Why is one car priced 25% to 50% higher than another of the same quality? The 4 questions that a buyer should ask when considering any car.

HERE are facts based on world's engineering authority. If you have any intention of buying an automobile, you are urged to read them.

No "Price Class"

There are only two kinds of automobiles today. Economically produced cars which give you more for your money. And cars which are not, and give you less.

Price does not indicate intrinsic worth. But an individual maker's cost of production.

Hence two cars may show a price difference of \$400 to \$1,200 and more. And be of the same quality.

The difference in price simply shows that it cost one maker more to make this car than the other. Judging value on price, this is folly. Price class is a myth.

Where the Difference Comes in

Studebaker, producing 150,000 cars yearly, has reduced engineering cost to \$3.33 per car.

This is based on a total engineering cost of \$500,000 a year, which is the least on which any manufacturer can maintain an efficient engineering department.

Thus a manufacturer producing but 20,000 cars a year must add \$25 per car for engineering, or eight times as much as Studebaker.

Other fixed overheads have been reduced proportionately. And these influence Studebaker prices.

A set of body dies costs \$100,000. It will produce many thousand sets of body stampings, each one as perfect as though there were only a dozen made.

By building 50,000 bodies from a single set of dies, Studebaker reduces the die cost per body to only \$2.00.

The average small manufacturer whose volume will enable him to build only 5,000 bodies from a set of dies in the same time in which Studebaker builds 50,000 has to charge each body \$20 for die cost. The difference of \$18 is in the price but not in the body. The customer pays it but he gets nothing tangible for it. It is one of the penalties of uneconomical manufacture.

Thus a car priced at \$1,200 to \$1,400 can be sold as low as \$1,045 when produced economically in quantity.

ings than are used in any competitive car, within \$1,500 of its price.

We subject Studebaker cars to 30,000 inspections. That requires 1,200 men. All told over 70,000 hand and machine operations are performed in the manufacture of a Studebaker car. In so many operations, though each one is small, there is great opportunity for economy and savings. 15% premium is paid on many steels to insure Studebaker specifications instead of "commercial run" used in cars many times Studebaker price.

No finer car can be built than the Studebaker of today. Only famous foreign cars and the most costly of American cars, compare.

See a Studebaker—Then Decide

Buy no car until you've seen a Studebaker. Go over it, point for point. Consult any unbiased expert. Ask your banker. And you will own a Studebaker.

Get an Answer to These 4 Questions Before Buying Any Car

1—Is this an assembled car? Or "partly" assembled. Insist on this answer. Assembled cars pay a profit to from 75 to 100 parts makers alone.

2—What sort of bearings? Studebakers are Timken-equipped. Everlasting smoothness and quiet performance result.

3—How many cars a year does this maker produce? Small productions mean either a higher price or cheaper car.

4—What sort of upholstery? Studebaker closed models are done in Chase Mohair, the finest material for this purpose known. Open models are upholstered in genuine leather.

Why Studebaker excels the world in body building

For 72 years Studebaker has been a builder of quality vehicles.

This historical tradition has been inbred in generation after generation of coachmakers. And the Indiana city of South Bend is known as a world-Mecca of artisans of this craft.

In the modern \$10,000,000 Studebaker body plants, there are sons and fathers and grandfathers working side by side. Their religion is fine coach building. And this is reflected in their work.

As fine body builders, Studebaker stands supreme. No other maker has the experience of Studebaker. No other the Studebaker traditions to inspire him.

Such a car is the Studebaker Light-Six Touring Car, at \$1045. A clear difference of between \$155 to \$355.

The uneconomical manufacturer is not profiteering. He is unfortunately situated, that is all.

Equalled Only by Costliest Foreign and American Makes

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than any other car.

Palestine Arising!

All over the Holyland, garden cities are springing up. The photo above shows a Jewish settlement being completed. Until houses are finished, pioneers sleep in tents. Many parts of Palestine take on the appearance of a military camp, due to the number of these temporary tent-settlements.

TO DEALERS DISADVANTAGE

Indianapolis, Ind., March 26—Ten percent of counter sales examined in five southern Indiana cities recently by Richard White, assistant State inspector of weights and measures, were condemned, White said today. "Defective scales were to the dealers' disadvantage in the majority of cases," White said.

Evansville—Evansville College's campaign for an endowment fund has passed the \$500,000 mark. Of this amount, \$275,000 was raised in the city's campaign.

Mechanical Construction

THE CHRYSLER motor is perfectly balanced to eliminate vibration. The crankshaft is completely machined and supported by seven large bronze back bearings. Oil under pressure is carried through drilled leads to every wearing surface.

An air cleaner which operates on the carburetor is an important factor in smooth operation, power development and long life.

The oil passing through a filter, which cools and purifies it, further reduces friction.

Chrysler Lockheed Hydraulic Four-Wheel Brakes are supplied on all models.

The springs are of chrome vanadium steel and are equipped with snubbers all around. The position of springs involves a new principle of suspension that completely eliminates side-sway.

AMUSEMENTS

"The Common Law"

Commencing today and continuing for three days the Castle theatre will offer a picturization of R. W. Chamber's widely read novel, "The Common Law." This is a story of an artist's model and life in general in the art studios of modern times and it vividly portrays many of the humiliating indignities to which the models are compelled to

submit. There is probably no star in all the realm of the cinema who is better equipped and more suited to the leading role than is lovely Corinne Griffith who portrays the difficult part of feeling, delicacy and finesse. As Valerie West, the cultured daughter of refined parents, but who has now been thrown upon the world to earn her own living, after many attempts to secure employment she is at last in desperation driven to the studio of a painter to endeavor to secure work as a model.

Conway Tearle, ably enacts the part of the artist, and the highly dramatic role of Querida is entrusted to Elliott Dexter.

"White Tiger" at Princess

"White Tiger" is the fancy-captivating title of photoplay which will

be seen at the Princess theatre again today, in which Priscilla Dean is said to excel her personal triumph in a similar under-world story of two or three years ago, "Outside the Law," and Tod Browning his handiwork as an author and director.

The former Browning-Dean success, "Outside the Law," was laid in San Francisco's colorful Chinatown. The new underworld picture from these two artists is laid in the amazing atmosphere of international crookdom.

The heroine Miss Dean impersonates, is a girl raised without knowledge of the difference between right and wrong, believing that slick work in slipping a string of pearls off some society lady's neck or the stickpin out of some man's tie is her rightful contribution to society's progress as a useful and active citizen.

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait until it's too late, write to Bradfield Regulator Co., B-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

THIS WOMAN RELIEVED FROM SUFFERING

By Lydia E. Pinkham's Vegetable Compound. A Remarkable Story

Dover, Del.—"I wish every woman would take your wonderful medicine as it has done so much good to me. I had cramps and very bad pains. One day I was over to my neighbor's house and she told me I ought to take Lydia E. Pinkham's Vegetable Compound. So I went to the store on my way home and got a bottle, and took the first dose before supper. I have been taking it ever since, and you can hardly believe how different I feel. I had just wanted to lie in bed all the time, and when I awoke to brush up I would give out in about ten minutes. So you know how badly I felt. I used to go to bed at eight and get up at seven, still tired. Now I can work all day and stay up until eleven, and feel all right all the time. My housework is all I do in summer, but in winter I work in a factory. I have told a good many of my friends, and I have had three come to me and tell me they wouldn't do without the Vegetable Compound."

Mrs. SARAH L. MURPHY, 219 Cecil St., Dover, Delaware.
